Subject: January 8, 2013, Supplemental Comments on Great Basin Unified Air Pollution Control District 2012 Network Monitoring Plan

Good afternoon Michael:

I wanted to bring to your attention a January 8, 2013, letter from LADWP to Dr. Lakin regarding supplemental comments on Great Basin Unified Air Pollution Control District's 2012 Network Monitoring Plan. We understand that EPA is still reviewing the Network Plan and has not yet taken any formal action on the plan. The supplemental comments, a copy of which is attached, alerts EPA to the fact that the 2012 Network Plan includes several air monitors that, as of December 29, 2012, have been removed and are no longer part of Great Basin's monitoring network. Dr. Lakin may have forwarded you a copy of this letter; however, just in case he didn't I wanted to make sure that you were aware of it and the issues it raises.

You should also be receiving soon a letter from LADWP to the Bureau of Land Management concerning Great Basin's efforts to relocate one of the above-referenced monitors to a new site on BLM land in violation of a right of way agreement between LADWP and BLM. I will check in with you shortly afterwards to make sure that you receive a copy of that letter.

Please let me know if you have any questions about the attached letter and/or if there are new developments regarding the 2012 Network Monitoring Plan. Thanks Michael.
